YSLCM_PROCINFO	
YSLCM_STUDYOFFER	M.Sc. Data Science and AI
YSLCM_BEANTR_FS	1
Platzhalter Vorabfragebogen	
Intended semester	

If you applied for a place on a Master's degree programme but your application was not submitted via the SIM portal, the following questionnaire will guide you through the enrolment process. Please note that you can only enrol once your application for admission was successful and you have received a letter of admission.

A check list of the documents you will need for your application is available at https://www.uni-saarland.de/en/study/application/master/enrol.html.

Please note that the enrolment process will require you to upload a valid letter of admission from Saarland University. If you do not have a valid letter of admission you will not be able to enrol. Note: A letter of admission is essential, it cannot be replaced simply by a university degree qualification. You can only enrol using this portal if you have received a letter of admission from Saarland University. You will only receive a letter of admission once you have submitted a proper application via the relevant application portal and within the relevant application period. For detailed information on the current application procedure for your Master's programme, please visit the Master's programme website.

Information:
The following link provides information on how to apply or enrol via the SIM portal. If you scroll down to the bottom of the page, you will find user guides and video tutorials: https://www.uni-saarland.de/en/studies/sim/request.html.

Information regarding applicant's pre-university education credentials

Pre-university educational credentials

Where did you obtain your higher education entrance qualification (HEEQ)? *
