Dear Mr.Vishnuvasan,
On behalf of the **Forum of Data Science Engineers** we are honored to invite you to **Ease the Error 4.0**, a 24-hour software hackathon where students will showcase their ingenuity by presenting solutions for real-world problems.

FODSE serves as a dynamic learning community where students seek guidance, acquire knowledge, and connect with like-minded individuals.
Your presence as a mentor and judge would offer invaluable perspectives, direction, and inspiration to students aiding them in honing their abilities in crafting innovative solutions.

We cordially invite you to join us at the **Multipurpose Hall of Sri Venkateswara College of Engineering**, Sriperumbudur, on the **6th and 7th of April, 2024**. Your presence would greatly enhance the success of this event.

Warm regards,
FODSE - SVCE
